
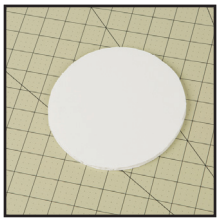
Duck Tape® Sunburst Clock

Supplies:

- Duck Tape®
- Duck Washi®
- Scissors
- Pen
- Craft knife
- Foam board
- Poster board
- Clock battery
- Crafting board

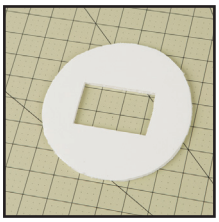
Skill Level: Advanced
Approximate Crafting Time: 2 hour

Directions:



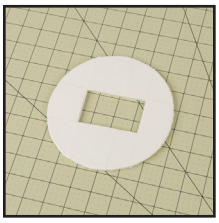
STEP 1:

Draw and cut a circle out of foam board that is 6 in. in diameter.



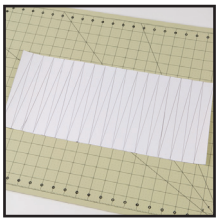
STEP 2:

Cut a rectangle out of the center big enough to fit a clock battery.



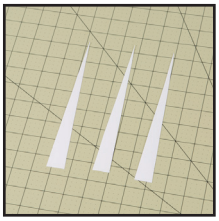
STEP 3:

Cover the circle in Duck Tape®.



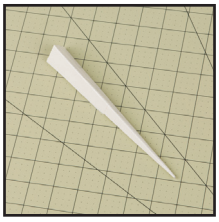
STEP 4:

On poster board, draw 36 triangles with each point being 1 in. long and the base 8 in. long.



STEP 5:

Cut out all of your triangles.



STEP 6:

Using 3 triangles at a time, tape them together to create a 3-D triangle.

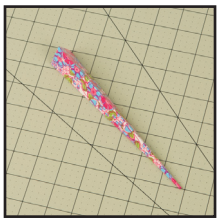
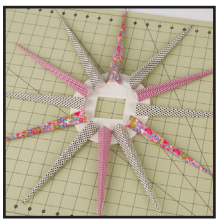
Duck Tape® Sunburst Clock

Directions:



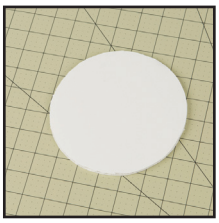
STEP 7:

Cover it with Duck Washi®. Repeat steps 6-7 so you have 12 total triangles.



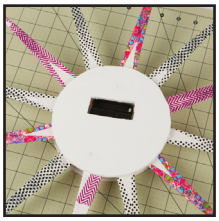
STEP 8:

Using double sided tape, adhere the 3-D triangles to the base you made in step 3.



STEP 9:

Cut a 6 in. circle out of foam board and cover it with tape. Place a small hole in the center.



STEP 10:

Place the clock battery on your piece from step 8. Then flip it over.

STEP 11:

Attach double sided tape on the top of each triangle and place the circle from step 9 on top, poking the hands through the hole.
